

# CHAMPIONS PARENT PORTAL FREQUENTLY ASKED QUESTIONS

## Q: How do I enroll my child in Champions?

You can easily and conveniently enroll your child(ren) at <https://connect.klcschoolpartnerships.com>. To get started, you'll need to create a Champions Account, you'll then receive an email with your temporary password. The first time you log in, you will be prompted to change your password. Once you create your account with your new password, you'll enroll your children from your new Champions dashboard. We will then bill you beginning on the Thursday prior to the week of care, according to the start date and the schedule you selected.

Your dashboard is where you will select start dates, set your child's schedule, and make changes to the schedule (this can be done weekly by the Wednesday prior to the upcoming week). You can also make changes to the schedule up to six months in advance. For example, if you have a vacation planned, you can change the schedule accordingly.

## Q: Once I finish enrollment, how soon can my child(ren) start attending Champions?

Your child(ren) can start attending the Champions program as soon as two business days after you complete their enrollment. (For example: if you enroll on a Tuesday, your child could start on Friday.) If you need to attend sooner, contact your Site Director directly.

## Q: Why can't I sign in?

Make sure that you've typed your username and password correctly. As a friendly reminder, your username is the email address currently on your Champions Account. You may also want to make sure that your "caps lock" is off. Lastly, you can use the "Forgot Username or Password" link from the login screen to reset your password, or call Family Support at 1-800-246-2154.

## Q: How do I log out of my Champions Account?

You can click on the "log out" icon on the top right of any page of your account.

## Q: I don't understand the billing process or my statement.

We bill based on the online schedule, not the days your child(ren) attend. To view what you have been invoiced for, please click on "Financial Statements" in "My Account." If you need assistance understanding your statement, please call Family Support at 1-800-246-2154.

## Q: Will I be able to change my child's schedule week to week?

Schedule changes can be made weekly, but the deadline for changes is the Wednesday prior to each upcoming week of service. After that time, you will not be able to make changes. We will bill your account according to your selected start date and your online schedule. You can edit your custom schedule up to six months in advance.

## Q: How will the site staff know I've changed my schedule?

The site staff will receive a weekly report that lists which children will be attending each day; this report is based on the schedule you selected in the parent portal. Any changes need to be completed by the Wednesday prior to the upcoming week so that the site has accurate planning information.

## Q: It says that one or more of the days I want to schedule are waitlisted. What does that mean?

There are times when we are unable to accommodate a schedule change because the site is fully booked for the program or for a specific day. When that happens, you will see that the day you want is marked as "Full" and is grayed out on the schedule. By selecting a full day, you are choosing to join the waitlist. The Site Director manages the list and will let you know if a spot opens up for your child to attend.

## Q: I was told there is an opening for one of my waitlist days. What do I need to do?

When there is an opening that will allow your child(ren) to start attending a waitlisted day, you will be sent a confirmation email. You will also see that on your dashboard the status for your child shows "Approved/Waitlist."

## Q: Can someone else make payments for me?

Yes, you can set that up. Once you are logged in to your Champions Account, click on the “My Account” link at the top of the page. To add an Additional Payer, click the “Add Payer” button. An email will be sent to the person you add to your account so they can access the Champions Portal. They will receive information about your account, but are unable to request changes.

Please keep in mind that adding an additional payer to your account does not change your status as the primary account holder. As the primary account holder, you are responsible for tuition payments and returned payment fees you may be charged, even if those fees were incurred due to an additional payer’s returned payment. Thank you for understanding.

## Q: I need to change my schedule at the last minute. How can I attend a day that wasn’t scheduled?

A drop-in is an unscheduled day of care, and is meant as an emergency or last-minute care option only. Drop-in care is not a guarantee of care; you will need to call the site staff to confirm availability each time you need to use a drop-in day of care. With this option, you are only billed based on your child(ren)’s attendance.

If you know the days you need by the Wednesday prior to each week of care, you can set a regular schedule. When you use a regular set schedule, you are billed based on your online schedule, and not attendance. Your child’s spot will be reserved, which means there is no need to call ahead. If you do not need care on any given day, or if your child will not be attending for any period, you can change your online schedule by the Wednesday prior to the upcoming week to reflect the change and avoid being charged for tuition.

## Q: How do I print my enrollment agreement?

At the end of the enrollment process, there is a button that allows you to print the enrollment agreement. If you want to print a copy later, you can click on the name of your child from your dashboard to view their personal information. In the Enrollment section, you can click the “View Enrollment” link to print your agreement.
